

WHAT'S TRENDING

Products We Love

Spring is coming but it is not here yet. Depending on where you live there are several more weeks of cold wintry weather, so with that in mind, here are some quality products to help keep you warm and dry in the saddle, in the barn, or at the show.

1

KERRITS 1. Cross Over Fullseat

Performance fabric technology, sport-specific R&D, and precision fit have all gone into the development of this rider favorite. Kerrits durable Dynamic Extreme™ fabric is combined with proprietary Perforated Nubuck™ fullseat panels, creating a breech perfectly engineered for the rigors of the barn and multi-day riding. The traditional silhouette is detailed with flattering pocket seaming and tailored front-fly construction. Internal plush elastic at the waist provides comfort and gentle support.

- Front-fly, snap closure
- Belt loops
- Two flat front pockets
- Durable stretch woven fabric provides “no-show” coverage
- Stain resistant
- Perforated Nubuck™ fullseat panels offer leather-like grip
- Machine washable; tumble dry low

MSRP: \$119.00
Colors: White, Tan, Shale, Otter, Black

SOREL 2. Women's Conquest Carly Short Boot

Taking cues from SOREL's iconic Conquest boot, this version is the sophisticated sister boot specifically for women.

Lightweight and cozy, this insulated boot features a full-grain leather and nylon upper, rubber shell and wrapped leather heel to ensure that feet stay dry, warm and protected during everyday adventures in winter conditions. Perfect for winter chores in the barn or the paddock.

Details: Full grain leather and nylon upper. Full-length gusset construction with bungee and lace closure for customized fit. Micro fleece lining with 100g insulation. Molded EVA footbed with arch support. Insulated, waterproof vulcanized rubber shell with herringbone outsole and stacked leather heel. **\$185.00**

IRIDEON AQUUS 3. Waterproof Breeches

Don't be fooled by other “waterproof” claims—this jacket truly IS waterproof, with all seams sealed. Unlike other winter breeches, the Aquus is truly waterproof with taped seams, so you can ride in a downpour for hours and still be dry and warm. Pair your Aquus breeches with the Aquus jacket and you will be impervious to the elements all winter long!

The breeches feature a waterproof outer shell with sealed seams and an elasticized ankle to prevent water from seeping in. With a soft fleece backing that is warm and soft, these breeches feature an innovative no-stitch knee patch that grips when wet or dry. **\$189.95**
Available at fine tack stores and online.

4. Waterproof Jacket

Don't be fooled by other “waterproof” claims—this jacket truly IS waterproof, with all seams sealed. The innovative 3-layer fabric will keep riders dry while in the saddle and during barn chores on rainy days. The smooth, durable waterproof outer layer repels rain and wind while offering tons of stretch. A thin, breathable middle layer ensures proper body temperature, and the interior fleece layer is soft against the skin. Stay warm and dry all day long with Aquus. **\$229.95**

JOJO SOX 5. Tuff Cuff Paddock Boot Sox

The Tuff Cuff Paddock Boot Sox are the first and only socks designed specifically for paddock boots! The 4" cuff fits perfectly with your paddock boot, eliminating any bulk under your half chaps. These socks also fit perfectly with skinny jeans and boots. Our signature, flat-knit Tuff Cuff will not fall down. Made using recycled water bottles, our innovative CoolMax EcoMade technology keeps your feet dry, so you stay cool in the summer and warm in the winter. Wear them once, and if you aren't hooked, we will give you your money back. MADE IN THE USA. **\$15**
