

# WHAT'S TRENDING

## Products We Love

Here at HC, we think that personal style and fashion begin from the ground up. After all, form and function need a foundation and we think that these products are the perfect start to creating a fashion statement that covers you from top to bottom.

### SANITA CLOGS

#### 1. Ladies Professional Teagan

Designed to be unique, the colorful Sanita Professional Teagan women's casuals are very impressive. This back closed clog is made from printed patent leather upper and features protective heel cap, an absorbent insole that keeps feet comfortable, and reinforced, padded instep that hold the feet in place. The roomy toe-box lets your toes move about with ease, and the anatomically shaped footbed cradles the foot and the arch. The sole of this clog is made of flexible PU that offers better mobility and absorbs shock. Walk around in style with the Sanita Professional Teagan.

1

#### 2. Ladies Nikolette

Add a little sassy style to your ensemble with the Nikolette clog in calfskin leather. Featuring a waxy leather upper with contrast stitching and button accents, this clog is beautiful inside and out. With a soft leather interior lining that wicks away moisture, and a generously padded footbed to massage your feet, you can't go wrong with the style and functionality of the Nikolette.

2

#### 3. Men's Professional Cabrio

The Cabrio clog from Sanita offers superior comfort and construction. It is designed specifically to reduce stress on your heels and back. It has a closed-back design with a leather upper and many features that will keep you safe and feeling fresh on your feet. With a reinforced padded instep, an absorbent insole, and a roomy toe box, these Cabrio clogs will be an everyday favorite for your feet.

### ONTYTE

#### 4. OnTyte™ Lightweight Composite Stirrups

OnTyte uses an innovative polymer in the manufacturing of their stirrups that gives them superior strength. OnTyte's patent pending stirrups are an attractive and ergonomic way of containing the all-important magnet that allows OnTyte to work for the rider. These stirrups offer a look that has been accepted worldwide for use in the jumpers, and it features a wider tread area allowing for increased foot contact providing greater comfort than conventional metal stirrups. OnTyte's stirrups have a soft rubber foot pad that when in combination with the OnTyte Integrated Sole System almost entirely eliminates the risk of slip.

4

Use together with our OnTyte™-ready short boots or your favorite boots fitted with OnTyte™ original soles.

#### 5. OnTyte™ Flame Paddock Boot

These paddock boots are specially designed and made in Italy by the DeNiro BootCo® with our original OnTyte™ sole incorporated. This classic, stylish paddock boot, made of top quality calfskin with spur rests, front laces, back zipper, and comfortable, hygienic insole is ideal for everyday use. Use together with any model of OnTyte™ Magnetic Stirrups.
